

## COVID-19 Update: April 10

Reminders: All previous bulletins and other resources listed at [www.gpcovid.com](http://www.gpcovid.com). Resource requests from our community institutions listed at the end of this bulletin. Send any questions to [bizinfo@greaterpeoriaedc.org](mailto:bizinfo@greaterpeoriaedc.org).

### Local Property Tax Deadlines Changed

Tazewell and Peoria treasurers and county boards have both taken action to give property tax payers an extension for the first installment of annual property taxes. Tazewell County has extended the deadline for the first payment until July 1 (from June 1). More [here](#). Peoria County will split the first installment in half with 50% being due on June 9<sup>th</sup> and the remaining amount due 60 days later on August 10. More [here](#). Other local counties are still developing their own approaches.

### PNC Guidance for Nonprofit Boards During COVID Crisis

From a business perspective, nonprofit organizations are likely feeling the impact — whether through new challenges in fundraising efforts, portfolio volatility from market fluctuations, or being called upon to help affected communities. At times like this, it is increasingly important to explore and implement best practices for financial, risk, and operational management. Jenna Weisner of PNC in Peoria provides two resources for nonprofits: an agenda of decisions boards should focus on immediately ([here](#)) and a summary on how boards may need to pivot on fundraising ([here](#)). PNC is also hosting a free webinar entitled “Nonprofit Enterprise Management: Strategic Planning for Adverse Scenarios” at 1 p.m. on April 21. Get more information and register [here](#).

### US Chamber of Commerce Advocating for More Assistance for Small Businesses

U.S. Chamber sent a letter to all members of Congress urging them to increase funding for both the Paycheck Protection Program (PPP) and the SBA Economic Injury Disaster Loan program. Each program is designed specifically to assist small businesses. However, due to extremely high demand, each is at risk of quickly running out of funding, and it is imperative that Congress add additional funding as soon as possible. Read the letter [here](#).
